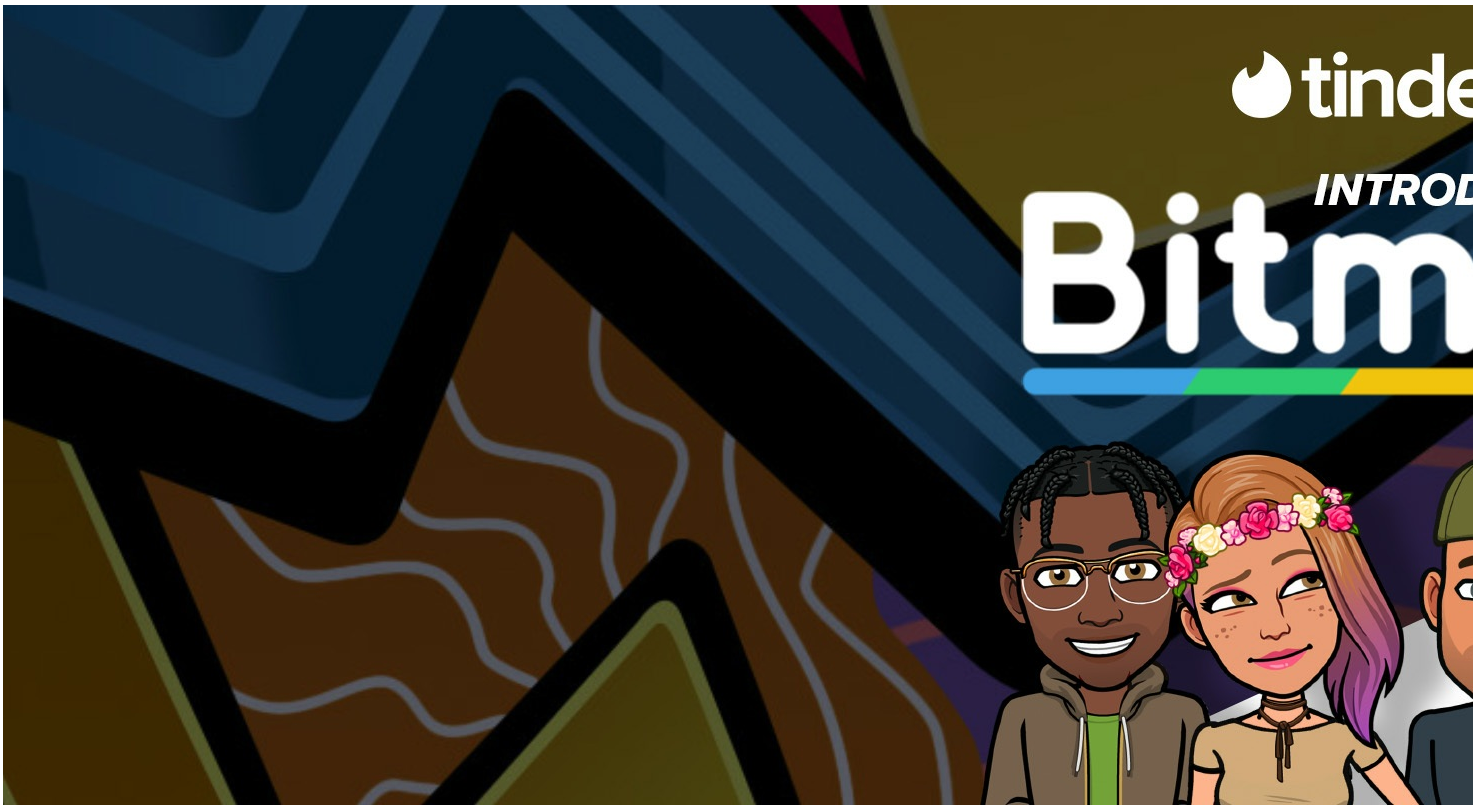
Tinder Newsroom

Introducing Bitmoji - Now on Tinder



UPDATES:

- Bitmojis are available to all Tinder members worldwide.
- As of August 2018, Bitmoji rolled out to devices in more markets around the world.

Breaking the ice has never been easier.

We know it's not always easy to express yourself with just words. That's why we've taken the necessary steps to let you be you, because being witty, fun, and cute shouldn't be a full time job — now you can send your own personal avatar on Tinder. And trust us, a Bitmoji is worth a thousand words.

Let Bitmoji do the talking for youSay hey to a new match, reply 'no worries' to a delayed message, or roll on the floor laughing — all with the ease and style of Bitmoji. And with all the options you'll have available, you'll never run out of things to talk about.

Bitmoji on Tinder is powered by Snap Kit and it can be set up….in a snap!

Here's how to get your Bitmoji onto Tinder:

1. Tap the green Bitmoji icon next to GIF
2. Tap "Connect to Snapchat"
3. Confirm you'd like to chat on Tinder using your Bitmoji
4. Start chatting with your Bitmoji

Bitmoji on Tinder is now testing in Canada and Mexico. Looking forward to seeing you in character!
